Dear Ms. Davis:

This is a response to the Department of Conservation and Recreation's (DCR) recent announcement of the Virginia Community Flood Preparedness Fund (CFPF) grant.

We are providing a CFPF application to request funding assistance for capacity building to fund a staff position to lead the County's neighborhood stormwater improvement program.

If awarded, the County will provide the necessary match for capacity building grants as required by your department, subject to Fairfax County Board of Supervisors approval. It is understood that the County's total match amount for this capacity building grant may be as much as \$241,915.

If you have any questions or need additional information please contact Joni Calmbacher, Director, Department of Public Works and Environmental Service, Stormwater Planning Division at 703-324-5500.

Sincerely,

DocuSigned by:
